Introducing HUMAX VISION

HUMAX VISION with ultra short throw projector makes your space special. It turns your blank wall into a big cinema screen or a wonderful picture, and even displays personal board such as your schedules, weather, notification and more.

HUMAX VISION is a new smart device with the Google Assistant built-in that provides rich sound and enhances your viewing experience through the ultra short throw projector. With Android TV built-in, it’s small but powerful enough to use as both a smart speaker and a TV.
Product Distance for Installation

HUMAX VISION can be placed in the TV cabinet with the size adjusted to make the product fit; it only needs to be placed a short distance away from the wall in order to deliver big screen projection. You can also use the thumb-wheel to focus the lens for fine-tuning.
Exterior and Accessories

HUMAX VISION offers LED Lights and buttons in combination with a simple, intuitive design.

Power: Short-press to turn on or off the screen projection. After turning off the screen projection, you can use as smart speaker only. Press and hold to switch to deep-sleep mode.

Mute: Turns on or off the microphone for voice input.

Focus Ring: Focuses the screen projection. (side)

Remote Control:

The remote control buttons are

• Power
• The Google Assistant
• Left, Right, Up, Down
• OK
• Back
• Home
• Art Wall
• Previous, Play/Pause, Next
• YouTube
• Music
• Volume +/- (side)

The Power key have two functions: Short-press to turn on or off the screen projection. Press and hold to switch to deep-sleep mode.
Setup Wizard

When power is turned on for the first time after connecting the power cable, the screen for initial setup of Android TV™ is displayed. Initial setup is all configured for Google’s guideline, and it provides the following steps:

A. Remote Control Setup

B. Language Selection

C. Set up your TV with an Android phone or tablet

D. Network Connection

E. Sign In

F. Terms of Service

G. Location

H. Help improve Android performance
Android TV™ home screen will be displayed after initial setup.
How to Use The Google Assistant

HUMAX VISION has the Google Assistant built-in. It’s your own personal Google, always ready to help. You can ask it questions and tell it to do things. Try asking for the latest weather, your favorite shows, or playing music.

“Turn up the volume”
“What’s the weather today?”
“Play the news”
“Turn on the lights”
“Play some music”
“Turn the temperature to 68 degrees”
“What’s on my agenda for today?”

You can also easily find the content you want to watch using the remote control.

Simply press the Google Assistant key to activate microphone. If the green color LED lights up, start to speak into the remote controller.

Visit www.humaxvision.com to learn more about what your Google Assistant can do.
Powered by Android TV™

Android TV provides a smarter viewing experience. Watch blockbuster movies, stream apps, and enjoy multiplayer games. And with the Google Assistant built-in, you can do more faster. Ask it questions, discover the best content—all with just your voice.

Bluetooth Connectivity

You can stream music from your Bluetooth enabled mobile devices to your HUMAX VISION.

1. Turn on Bluetooth on your smart phone first.
2. Tap "VISION W1" from the Bluetooth devices list.
3. Tap [Pair] button from Bluetooth Pairing Request pop-up message.
4. If the pairing is complete, go to Settings > Remote & accessories on HUMAX VISION. You will find your paired phone name.
5. Play music directly to HUMAX VISION. You can listen to music even when screen is off.

Compliance

FCC Customer Information

This device complies with part 15 of the FCC rules.
Operation is subject to the following two conditions
(1) This device may not cause harmful interference, and
(2) This device must accept any interference received including interference that may cause undesired operation.

FCC RF Radiation Exposure Statement

This equipment complies with FCC RF Radiation exposure limits set forth for an uncontrolled environment.

Any changes or modifications not expressly approved by the manufacturer could void the user’s authority to
operate the equipment.

This device and its antenna must not be co-located or operating in conjunction with any other antenna or transmitter.

This equipment should be installed and operated with a minimum distance of 20 centimeters (equal to 8 inches) between the radiator and your body.

**‘WEEE’ Instructions**

This product should not be disposed with other household waste at the end of its working life. Please separate this from other types of waste and recycle it responsibly to promote the sustainable reuse of material resources. This will prevent possible harm to the environment or human health from uncontrolled waste disposal.

Domestic users:

Please contact either the retailer where you purchased this product or their local government office for details of where and how they can take this item for environmentally safe recycling.

Business users:

Contact your supplier and check the terms and conditions of the purchase contract. This product should not be mixed with other commercial waste for disposal.

**Conformité Européenne (CE)**

\[ CE \]
SIMPLIFIED EU DECLARATION OF CONFORMITY

The simplified EU declaration of conformity referred to in Article 10(9) shall be provided as follows:

Hereby, HUMAX declares that the radio equipment type HUMAX VISION is in compliance with Directive 2014/53/EU and relevant directives.

The full text of the EU declaration of conformity is available at the following internet address:

- United Kingdom: [http://uk.humaxdigital.com/ec](http://uk.humaxdigital.com/ec)
- Germany: [http://de.humaxdigital.com/ec](http://de.humaxdigital.com/ec)

Wireless equipment use information

1. In France
   Authorization for outdoor usage is limited to Channels 1~7 (2.400 ~ 2.454 GHz).

2. In Italy
   For outdoor usage a general authorization is required from the national spectrum authorities.

3. In Latvia
   For outdoor usage an authorization is required from the Electronic Communications Office.

4. 5GHz Radio Local Area Networks (RLANs) Band only indoor use.

5. This equipment may be operated in all European Union member countries and Turkey.

For Your Safety
Safety Instructions

1. POWER SUPPLY
   • Operate this product only from the type of power supply shown on the marking label. If you do not know the type of power supplied to your home, contact your local power company.
   • Disconnect the power supply before you start any maintenance or installation procedures.

2. OVERLOADING
   • Make sure that the wall outlet, extension cord and adapter have a sufficient power rating for the appliance. If not, this can cause an electric fire shock.

3. LIQUID
   • Do not expose this product to liquids. Do not put objects filled with liquid on the product.

4. CLEANING
   • Disconnect the product from the wall outlet before you clean it.
   • Use a moist cloth to clean the product. Do not use solvents. Wipe the surface gently with a soft cloth as it may get scratched.

5. VENTILATION
   • Do not put electronic equipment on the product.
   • Do not put objects on the product. This will block the ventilation or cause damage to the surface.

6. ATTACHMENTS
   • Do not use any unsupported attachments as these may be hazardous or cause damage to the product.

7. LIGHTNING, STORM OR NOT IN USE
   • Unplug the product from the wall outlet during a thunderstorm or when left unattended and unused for long periods of time. This will prevent damage to the unit due to lightning and power surges.

8. EXTRANEOUS OBJECTS
   • Do not insert anything through the openings in the unit, where they can touch dangerous voltage points or damage parts.

9. REPLACEMENT OF PARTS
• When replacement of parts is required, be sure the service technician uses replacement parts specified by the manufacturer or those that have the same characteristics as the original part. Unauthorized substitution may result in additional damage to the unit.

10. LOCATION
• Keep at least 10 cm clearance from any other appliances susceptible to electromagnetic influences such as a TV or a VCR.
• Do not place the product on an unstable surface where it can fall. A falling product can cause serious injury to a personnel and serious damage to the appliance.
• Do not place objects such as books or ornaments near the product. It may cause the product to overheat.

11. Environment
• Attention should be drawn to the environmental aspects of battery disposal.
• Care is required for the use of this apparatus in tropical and/or moderate climates.

Cautions and Warnings
• Do not modify or process the power cord or plug arbitrarily.
• Do not bend or twist the power cord.
• Make sure to disconnect the power cord while you hold the plug.
• Keep heating appliances as far as possible from the power cord to prevent the cover vinyl from melting.
• The main plug, as a disconnection device, shall remain readily accessible by the user.
• Do not open the main body.
• Do not insert metal or inflammable objects inside the product.
• Do not touch the power plug with wet hands.
• Disconnect the power cord in case of lightning.
• Do not use the product when it is out of order. If you continue to use the product when defective, this may cause serious damage. Make sure to contact the customer service center if the product is out of order.
• Do not insert metal or foreign substance into the slots for the modules or Smartcards. It may cause damage to the product and reduce its life span.
• Do not put anything on top of the projector (may cause the projector to fall and cause injury or damage).
• Do not look into the lens or mirror while the projection lamp is lit (the rays of the projection lamp may cause eye trouble).
• While projecting, do not put your face or hands on top of the projector to prevent burns or accidents.
• Do not place the projector in direct sunlight or near heat sources such as radiators, fires, stoves, etc. - This may result in fire.
• Do not allow children to cling or climb on the projector. This may cause serious injury and in worst case death.
• Do not place the projector where it might be exposed to dust. This may result in fire.
• Do not use the projector in a damp place such as a bathroom where it is likely to get wet. - This may result in fire or electric shock.
• Never touch the power plug with wet hands. This may result in electric shock.
• If there is any smoke or burning smell coming from the projector or AC adapter, discontinue using the product immediately as it is an indication of potential damage or fire to the unit. Immediately disconnect the power cord from the power outlet and contact customer service for support.
• Do not look directly into the lens when the projector is in use. - The bright light may damage your eyes.
• When the lamp is on or has just been turned off, avoid touching the air vent or lamp, because these will be very hot.
• Do not keep your hand on the projector for a long time when it is running.
• Only a qualified service technician can disassemble or modify the projector. For diagnosis, adjustment, or repair please contact the seller or customer care. Servicing the projector without a qualified technician may result in further damaging the unit and or injury to the user.

**Important Safety Instructions**

1. Read these instruction.
2. Keep these instruction.
3. Heed all warnings.
4. Follow all instructions.
5. Do not use this apparatus near water
6. Clean only with dry cloth.
7. Do not block any ventilation openings. Install in accordance with the manufacturer’s instructions.
8. Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.

9. Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.

10. Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.

11. Only use attachments/accessories specified by the manufacturer.

12. Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over.

13. Unplug this apparatus during lightning storms or when unused for long periods of time

14. Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

15. Apparatus shall not be exposed to dripping or splashing and no objects filled with liquids, such as vases, shall be placed on the apparatus.
